The cakes that they create are absolutely amazing! They are pieces of art. We faxed in a picture of what we wanted and the cake looked better than the picture. The cake was absolutely gorgeous and tasted amazing. People went back for seconds. These cakes are absolutely amazing. If you are thinking of going anywhere else don't!!! They made the day! Their cakes are show pieces.

Website was amazing I found the cake I wanted in minutes. I went to the store to talk about the cake and they had the one I wanted on display. It was so great to see it in person. I had planned on just getting a vanilla flavoed cake but the owner explained all the option and gave samples of different flavors. We ended up doing a 3 teir cake with a different flavor for each layer. The keylime flavor was a huge hit at the wedding. I would strongly recomend A slice of heaven to anyone!

We loved, loved, loved our cake from A Slice of Heaven! We ordered a cake from their 'Brides on a Budget' line and it was wonderful. Very cost-effective and also TOP QUALITY. They did a great job with it and even personalized the fondant ribbon on top to match my wedding color, which

wasn't advertised on their website as an option, but was definitely a nice surprise when they offered it to me. I also didn't know ahead of time that we could choose different flavors for the top and bottom tiers and was glad for that as well. The cake was delicious -- especially the buttercream frosting. We received many compliments at the reception from our guests on the cake. Great job! I would recommend them highly!

Dear Slice of Heaven,

I could not have ask for a more perfect cake for my party! It was the talk of the party and when we cut into it, it became even more popular. It was by far, the BEST tasting cake I have ever had. It was a little over what I had budgeted for a cake, but the little pregnant girl on top was so beautiful and reminded me so much of my Mom to be, I had to have her! Thank you for being available, and I hope you continue to provide such amazing products as.

I will be back!

Our daughter was married on Aug. 9th, 2009 at Lido Beach Resort. The cake we ordered was beautiful and delicious. We had a two-tier beach cake with shells. One tier was french-vanilla with raspberry filling and the other was chocolate with chocolate mousse filling. Everyone at the wedding thought both kinds were so moist and delicious. It was a beautiful and stunning cake. The cake was delivered and set up for us at the Lido Beach Grille Restaurant for the reception. Thanks for making everything so nice and easy for us since we live in Ohio. What great service! Thanks, Jeff and Cindy K.

Delicious, beautiful, creative... just a few words to describe my wedding cake. My wedding was June 23, 2009 and everyone is still talking about how tasty AND realistic looking the shells were on the cake. The price was less than I had budgeted for... which made my husband very happy. I highly reccommend A Slice of Heaven.

I have used A Slice of Heaven on several occasions..not my wedding (I got married in Rhode Island and I don't think they deliver that far). They do a fabulous job customizing your cake to your liking. They can create just about anything that you want if given enough notice. The cake, filling, and frosting taste DELICIOUS! It is truly a little bit of heaven in your mouth. I highly recommend this cake maker.

Hi Michelle: I just wanted to take a minute this morning to tell you what a "hit" the cake was. It was far beyond my expectations. Not only did it look fabulous, the taste was to die for. Everyone was just raving about it. I could have easily passed out business cards for you and no doubt make you a sale or two (but I suppose that's not too posh of a thing to do at a party.) Thank you again for a job "well done". I will most definitely contact you in the future for any cake needs. Sincerely, JB

I just wanted to tell you thank you for the incredible cake you made for our son's first birthday (picked up on 4/4/2009 - zebra cake with a gum paste lion on top). Not only was it delicious, but the detail and creativity behind it was amazing. You truly have talented artists to create something from someone else's ideas and make it how it was intended. All the guests were amazed at the cake and loved every bite too! The cake was perfect and we wouldn't have changed a thing. Thank you again for making such a milestone in our lives even better.

Our wedding cake was wonderful! We only needed a small one, and Slice of Heaven did a great job working with us. We opted for the chocolate cake with raspberry filling, which was delicious! I'd definitely recommend it.

Good morning, I just want to say first of all the cake was beautiful and second it was absolutely hands down the best cake I have ever put into my mouth and there wasn't much left for the mom to be to take home. Everyone really enjoyed it. Well worth the trip. You will be hearing from me again.

My son's b-day is on the 26th and we are having a birthday party for him and I might just order another cake :0

Thanks so much Demi J

Thank you so much A Slice of Heaven for our wedding day cakes. We got married on June 20, 2008 at the Sandbar in Anna Maria Island, Florida. We came from West Virginia and ordered two cakes over email. A Slice of Heaven did a great job! They made us a beautiful green and pink butterfly cake in a yummy coconut with pina coloda filling. They also made our favorite college team, West Virginia University, "man" cake and it was great! Our family and friends loved the cakes and it made our day! Great job to all who worked on our cakes at A Slice of Heaven Custom Cakes!

I would like to take this opportunity to thank you for the absolutely spectacular cakes you made for my daughter's wedding last Saturday. The wedding cake was beautiful and delicious, but the star of the show truly was the groom's cake!! It was an exact replica of the groom's Sarasota County Sheriff's Office patrol car. Your extra touches of the "Just Married" sign and cans tied to the bumper were wonderful. I think the cake was more photographed than the bride! Again, thanks for making a special day even more special. I would not hesitate to recommend your services to anyone. THANKS!!!!!!!! Sincerely, Eileen Ozsvath

Tom & Michelle

I wanted to extend my gratitude for making my birthday party special for my husband. This is our first year of marriage and he was struggling to do something different for me. Rick is not the type to plan ahead. He told me he walked into your shop on Tuesday begging for a cake for Wednesday. He had a coupon from Life 89.1 FM from their Birthday Club, so this was a special request and you weren't receiving money in return.

I must say your staff created a special beach scene with a banana filling inside and on time. It was so cute & the personalized touch made me feel extra special. I thank you for the kindness you showed my husband in his time of need. I will be sure to refer your company to all my friends & family for any special event.

With Warm Regards, TJ

To Slice of Heaven- Last year you did my wedding cake (Almy/ Kles on Sept. 29. 2007). It was a beautiful cake and everyone loved it. We of course saved the top tier for our anniversary, which we just celebrated this weekend. I realized the other day that the caterer had only placed some tin foil over the cake and put it in the box, which was then frozen. I was really concerned that the cake would be ruined, but we thawed it anyway and served it at our party. It was fantastic!! The icing and everything was perfect, nearly as good as on the wedding day. I just wanted to say thank

you so much for the delicious cake, it certainly made the day (actually two days)! Maranda and Joe Kles

This has to be the best bakery ever! We had a surprise birthday for my mom and this bakery went above and beyond and matched toppers that my sister had ordered online from someplace else. I know I was a pain in their butt because of ideas that others had towards the party....EVERYBODY raved about the cupcakes, the toppers and the whole thing....I would HIGHLY recommend this bakery, their staff and their ability to do what I call the impossible.

GREAT JOB!!! Will never go anywhere ever again!

We hired A Slice of Heaven for our wedding 2/10/07. Our cake was beautiful. You can see it on the web page for A Slice of Heaven. It's the 5 tier horse shoe cake done in maroon and white. When looking for the perfect cake, for the perfect day I was thankful that I found A Slice of Heaven. I brought in a picture of the cake I wanted and they couldnt have done it any more perfect then how it turned out. Definately #1 cake business in the Sarasota area. HANDS DOWN!
